

Advanced Manual for inserting data into BOOKS

INDEX

The inserting of data into BOOKS can be divided into three sections:

- | | |
|---|---|
| A. To put a link to a PDF- of DOC.file into the list of Books/Magazine | 2 |
| B. To put chapters/articles at the book/magazine (with or without link) | 6 |
| C. To insert applets/exercises at the chapters/articles | 8 |

Changing and deleting of books, chapters, applets/exercises:

- | | |
|---|----|
| D. To change, delete books, chapters, applets/exercises | 13 |
| E. Epilogue | 14 |

A) Put a link to a PDF- or DOC.file

First you need a link from the web to put in the list of books. In this example we choose a link from the KNDB-site from the magazine Het Damspel. On the website www.kndb.nl we find the PDF's of the magazine Het Damspel:

We choose HD1001. When we click on this link we get the PDF in our internet-browser:

ZETJE SCHRAP!

OPGAVEN SERIE 31: UITLOKKING

In deze serie van negen opgaven wordt zwart steeds tot verleid tot een foutzet. Die foute zet staat steeds met een vraagteken onder het diagram. In alle negen diagrammen kan wit met een slagzet winnen. Heel veel succes!

ALEX MATHIJSEN
ZETJESCHRAP@GMAIL.COM

Spelregels voor de laddercompetitie:

- Inzenden **tot 1 juni** anders tellen je oplossingen niet mee.
- Inzenden per e-mail naar zetjeschrap@gmail.com
- Schrijf je naam bij je oplossingen.
- Noteer de volledige oplossing, dus niet alleen de eerste zet!
- Een correcte bijoplossing wordt beloofd.
- De prijswinnaars beginnen weer onderaan de ladder.
- Als je drie keer achter elkaar niet meedoet, val je van de ladder. Je behaalde punten blijven wel geldig en tellen bij je volgende inzending gewoon mee.
- Als je een sterretje achter je naam hebt, wordt het tijd dat je weer eens wat opstuurt.

Oplossingen serie 30: Kleintjes van Arne
Voor deze moeilijke serie krijg je twee punten per goede oplossing!

346. 1.32-28 35x44 2.28x19 14x23 3.33-28 23x34 4.50x30
347. 1.45-40 27x49 2.40x18 49x12 3.21-17 12x21 4.26x17

Diagram 358 (20-25?) Diagram 359 (30-34?) Diagram 360 (14-19?)
Diagram 361 (20-25?) Diagram 362 (30-34?) Diagram 363 (14-19?)

Pagina 16 / 36

We now can copy the link to use on the form Books in Toernooibase.
Also we see the article Zetje Schrap! which we want to insert in Toernooibase.

(Notice that if you put yourself a magazine on PDF, you can get with Google+ 15GB on a GoogleDrive to upload for example PDF's to the web. With Google+ you can get an open link from a PDF to share on the web. This is also how the KNDB publishes the magazine Het Damspel.)

We now go to the main page of Books in Toernooibase:

Books/Magazines	Author/Publisher	Chpt/Art.	Links	Applets	External link	Date of publishing
Course in Draughts I (French site with applets)	Tjalling Goedemoed	1	1			01-12-2008
Course in Draughts II (French site with applets)	Tjalling Goedemoed	6	6			20-09-2011
Course in Draughts III (French site with applets)	Tjalling Goedemoed	6	6			09-08-2011

Introductory course in draughts	Tjalling Goedemoed	15		240	Link	13-04-2012

When we have an account of Toernooibase we can click on the icon **NEW**.

You now can insert the new book/magazine into the database:

Name book/magazine: *

Name author/publisher: *

External link:

Date: 

We fill in the form.

Notice that we name the magazine Het Damspel 20100401, so it will go chronicle in the list of Books/Magazines.

We click on Submit.

Books/Magazines	Author/Publisher	Chpt/Art	Links	Applets	External link	Date of publishing
Course in Draughts I (French site with applets)	Tjalling Goedemoed	1	1			01-12-2008

The Art of Winning (French site with applets)	Tjalling Goedemoed	4	4			11-11-2015

For inserting a chapter/article to the book/magazine we click on the link **Het Damspel 20100401**:

 Books  Short Manual Books

 Books  

Het Damspel 20100401   **Author/Publisher: KNDB**

 Chapter/Article

Chapter/Article	Title	External link	Applets	Pag.	Change	New
-----------------	-------	---------------	---------	------	--------	-----

And now we click on the icon NEW (Chapter/Article).

Het Damspel 20100401

You now can insert the new chapter/article at the selected book/magazine:

Chapter-/articulo.: *

Title chapter/article*

External link:

Page

And again we fill in the form.

You can add a link if the article for example is also with a link on the web.

In this case we don't do this, because the full magazine is already linked in Toernooibase.

We again hit the button **Submit**.

Het Damspel 20100401 Author/Publisher: KNDB

 Chapter/Article

Chapter/Article	Title	External link	Applets	Pag.	Change	New
2	Zetje Schrap!			16	 	

And the chapter is added to the magazine Het Damspel 20100401.

C. To insert applets/exercises at the chapters/article

 **Books**  Short Manual Books

 Books  

Het Damspel 20100401   **Author/Publisher: KNDB**

 Chapter/Article

Chapter/Article	Title	External link	Applets	Pag.	Change	New
2	Zetje Schrap!			16	 	

To insert a first applet to the chapter/article we click on the button **NEW** on the right.

 **Books** 

OERTERP-APPLET

Player 2

1 2 3 4 5

6

16

26

36

46

Player 1

/FEN "w:w:B"/

1st step:
Make de diagram by putting pieces/kings on the board with the toolbar under the applet

2nd step:
Click on [search position](#) to search in the position database for this position

3rd step:
Click on [input moves](#) and insert the moves

4th step:
Click on [next step](#) and fill the inputform for insertion into the database

And now we are in the input mode of a position which you maybe recognize from the section of the Compositions in Toernooibase.

We put the peaces on the fields:

 Books 

1st step:
Make de diagram by putting pieces/kings on the board with the toolbar under the applet

2nd step:
Click on [search position](#) to search in the position database for this position

3rd step:
Click on [input moves](#) and insert the moves

4th step:
Click on [next step](#) and fill the inputform for insertion into the database

Notice that we also have clicked on the black/white(yellow) button. This is because black has to move. There is now a black peace before Player 2 instead of a white peace (original) before Player 1. This means in this case that black has to move.

Now we click on [search position](#).

 Books 

1st step:
Make de diagram by putting pieces/kings on the board with the toolbar under the applet

2nd step:
Click on [search position](#) to search in the position database for this position

3rd step:
Click on [input moves](#) and insert the moves

4th step:
Click on [next step](#) and fill the inputform for insertion into the database

Position already exists!

Found position(s) in database positions:					
Author	Pieces	Date	Source	View	
	5x5	01-04-2010			Add to book

In this case (because we already entered the position with moves earlier) you see that the position already exists.

We can use the link Add to Book (after viewing the applet if it's alright). You can use the link if you don't want to insert any comment.

Otherwise it is better to go now to [input moves](#)

The screenshot shows the OERTERP-APPLET interface. On the left is a chessboard with columns numbered 1-5 and rows numbered 6, 16, 26, 36, 46. A black king is on square 26,2 and a white king is on square 36,3. The board is labeled 'Player 2' at the top and 'Player 1' at the bottom. On the right, a text area contains the following text:

```
/FEN  
"B:W21,27,30,38,39:B  
12,13,16,20,23"/  
1. ... 20-25  
2. 27-22 25x32  
3. 22-17 16x27  
4. 17x37
```

Below the text area, the message "Position already exists!" is displayed in red. To the right of the applet, a list of steps is provided:

- 1st step:** Make de diagram by putting pieces/kings on the board with the toolbar under the applet
- 2nd step:** Click on [search position](#) to search in the position database for this position
- 3rd step:** Click on [setup board](#) and insert the moves
- 4th step:** Click on [next step](#) and fill the inputform for insertion into the database

We have now entered the moves of the applet/exercise into the input applet. Next step is now to fill the inputform. We click on [next step](#)

INSERT APPLET:

Position: *

Author: *

Co-author:

Source: *

Player white:

Player black:

Date: *

PDN-notation: \"B:W21,27,30,38,39:B12,13,16,20,23\"] 1.
... 20-25 2. 27-22 25x32 3. 22-17
16x27 4. 17x37"/>

Broncode

20-25?

You see that a form on the right of the applet appears.
 You can fill in a lot of data (if the applet is a composition, you can fill in the composer(s), if it is a game-fragment you can fill in the players).
 In this case it is a position. We fill in the date. The PDN is loaded already and we mostly do not want to change it (however it is possible).
 We fill in the commentroom: 20-25? The wrong move....

And below there is also data to be filled:

Dia no.:
{Previous value = 25}

Extra no.:

Page no.:
(Previous value)

Excercise:
(Previous value)

PUT APPLET IN DATABASE

** Watch it. Data from previous input (except pdn) is displayed.
This can be easy if you input several positions afterwards.

We have filled in the number of the applet of the article: 1 (25 was from a previous article). The extra no. of the applet in the article. The page where the applet can be found and...

we **checked** the checkbox that the applet is an exercise.

This means that people can solve this exercise by themselves after the move 20-25?

If the checkbox is not checked, in the commentspace the move 20-25? will be shown and the applet can be played with the moves.

We click on the button: PUT APPLET IN DATABASE.

Books Short Manual Books

Books

Het Damspel 20100401 Author/Publisher: KNDB
Chapter/Article: Zetje Schrap!

Add a new applet to chapter/article

Diagram	Extra no.	Page	Player(s)/Composer(s)	Pieces	Plys	Excercise	Date	View
1	255	16		5x5	7	Yes	01-04-2010	

And we see the applet is into the chapter Zetje Schrap!.

With the icon **NEW** you can add a new applet/exercise.

With the icon 'View' you now can watch the exercise.

That is already explained in the Short Manual Books.

D. **To change, delete books, chapters, applets/exercises.**

Het Damspel 20100401   **Author/Publisher: KNDB**

 Chapter/Article

Chapter/Article	Title	External link	Applets	Pag.	Change	New
2	Zetje Schrap!		1	16	 	

In a lot of screens you see also the possibility to change (the /) or to delete (the x) an item of Books.

This can be done by a moderator or the member of Toernooibase who has inserted the data in Toernooibase.

When you want to delete a book/magazine, there must not be chapters or applets/exercises on the book/magazine. The program then forbids this action.

The same when you want to delete a chapter/article. The program forbids this action if there are already applets/exercises.

E) Epilogue

Feedback

The section Books/Magazines was developed because we thought there was a need for publishing digital Books/Magazines on draughts on a central place (and as a tribute to the work of Tjalling Goedemoed, so we put the Pre-Course in Draughts completely interactive on applets).

It is an easy way to put Provincial Magazines and/or Clubmagazines in a central place alongside publishing it on national, provincial- or clubwebsites.

And there can be made skill tests also easy in our opinion.

However, we don't get many reactions on this new possibility from May on.

Maybe this manual will provide the information people want, maybe draughtsworld is not "in" for a central database and maybe we are making to giant steps in the future for digitize a lot of information on draughts.

Also you have maybe other wishes in the visualizing of the material, the way the database is encountered etc. etc.

Please send your opinions, feedback to us, so we can make this section Books/Magazines better and a success for draughtsworld.

An e-mail address can be found on the item Info on the homepage of Toernooibase.

Piet Bouma,
Harlingen, 7th June 2017.
